- i. The surveyed description for Segment 04 of the Chimney Rock Pass Road has been plotted on an Aerial Photo taken in 1993 to verify the roads existence and is attached as Exhibit "A9".
- 8. At no time during my tenure with the County did it undertake any procedure to abandon or vacate its right-of-way on the road.

4. All acts of the County regarding this road were, to my knowledge, consistent with its status as a public highway.
5. It is the reputation in the community that this road was used by the public since at least as early as when Johnson's army was stationed in Fairfield, Utah, because they used it to pick up their mail and has been continuously used since that time.
6. At no time during my employment with the County undertake any procedure to abandon or

- 7. Uses of the road since before 1966 and before any federal reservation included, but were not limited to, mining clay and pumice stone. When I built my house over 50 years ago, I received my pumice stone brick from these mines.
